WASH YOUR HANDS

Soap and water, every time you use the restroom.

LÁVESE LAS MANOS

Agua y jabón, cada vez que use el baño.

HOW TO WASH YOUR HANDS

Five steps, as the CDC teaches them

1. Wet your hands under clean running water, warm or cold.
2. Add soap and work up a lather: backs of hands, between fingers, under nails.
3. Scrub for at least 20 seconds. Humming "Happy Birthday" twice is about right.
4. Rinse the soap off under clean running water.
5. Dry your hands with a clean towel,

CLEANING IN PROGRESS

Crew at work nearby

Mind the cart and any cords on the floor.

Thanks for giving us a little room.

CLOSED FOR CLEANING

Back open in a few minutes

This restroom is being cleaned and restocked.

Please use another restroom for now.

WET FLOOR

Watch your step

This floor has just been cleaned and is still drying.

Please take the dry path around it.
